# Klickitat PUD is Proud to Announce the Selection of a New General Manager

**TOM SVENDSEN**

Tom has served Klickitat PUD since 1976 as a staking engineer, conservation specialist, Engineering and Operations manager, System Planning manager and Power Manager since 1999.

He played a major role in seeking out power generation projects for Klickitat PUD, including the H.W. Hill Landfill Gas Plant, McNary Dam North Shore Fish Attraction Hydroelectric Project and a wind generation partnership with the Last Mile Electric Cooperative in the Roosevelt area.

"Tom's extensive knowledge of our utility's operation and local roots will make the transition straightforward," says KPUD Commissioners.

See page 28 for more information about Tom, and the rest of the PUD management team.
